Attached is documentation of the Unit's involvement in the recruitment initiatives identified in the EEO Public File Reports. The Unit has 6 full-time employees and is part of the Sumter, South Carolina market with a population below 250,000 persons.³ Section 73.2080(c)(2) of the Commission's Rules states that a unit with five to ten full-time employees or in a market with less than 250,000 persons is required to engage in two recruitment initiatives during each two-year period. A description of the recruitment initiatives undertaken is included in the 2025 and 2026 EEO Public File Reports and documentation included in Exhibit 5.⁴ Station personnel involved in the recruitment initiatives and additional documentation are identified in Exhibit 5.

No complaints were filed against the Unit during the time period covered by the Audit Letter. Nor were any complaints filed internally with the Unit pursuant to Section 2(b)(vi)(a) or administrative action taken against any employee as set forth in Section 2(b)(vi)(b).

The Unit has no agreements as described in Section 2(b)(vii). Because there are no such agreements, no actions have been or can be taken against the Unit employees, contractors or third parties acting on behalf of the Unit.

The Unit does not use race-based data hiring databases.

³ The United States Census for 2025 lists the population for Sumter as 43,094.

⁴ The documents include six job fairs the Unit participated in during the two-year period covered by the EEO Public File Reports.

During the period covered by this response, I, as Community's President, have had primary responsibility for implementing the Unit's EEO policies. In all job postings, Community includes a statement confirming that Community offers equal employment opportunities to all qualified applicants. Community's policy manual also confirms to employees that Community is an equal opportunity employer and provides details on the company's EEO policies and programs.

Community understands that it must periodically analyze its EEO recruitment program. The company typically reviews its EEO program on an annual basis but also conducts periodic brainstorming sessions to share ideas about improving our vacancy-specific and general recruitment efforts to better inform the Sumter community and its surrounding neighbors about career opportunities in broadcasting. I, as the President of the company, have been pleased with the response we have received from our outreach to Indeed, as demonstrated by the number of interviewees this source has produced routinely for our full-time openings. Community will continue to broadcast on-air announcements and inform Indeed about all full-time job openings. To further broaden our outreach, we will also post positions on the website of the South Carolina Broadcasters Association as well as all colleges and universities within the lower state of South Carolina. We are especially proud of our efforts to host very popular and well-attended career fairs not only in Sumter but also in Florence and Orangeburg at least twice a year to inform South Carolinians about exciting career opportunities in radio broadcasting. Because of the success of these fairs, we plan to continue this practice and remain optimistic that these career fairs will produce qualified candidates for future use.

During the period covered by this response, Community has continually analyzed its pay, benefits, seniority practices, promotions, and selection techniques to ensure equal opportunity. Due to the small size of the employment unit and the economic climate of the past years in the Unit's market, there have not been significant opportunities for promotion at the employment unit. Nonetheless, in my role as President, I am continually analyzing the performance of all employees to allow for merit-based promotion at any appropriate time. The employment unit is not party to any union agreements.

The Unit does not have any union employees.

The Unit's employees are not subject to a religious qualification.

Attention Licensee:

1. In accordance with 47 CFR § 73.2080(f)(4), WDXY-AM (the Station) and all other stations, if any, in the same station employment unit (defined by 73.2080(e)(2) as commonly owned stations in the same market that share employees) (the Unit) has been randomly selected for an audit of its Equal Employment Opportunity (EEO) program. A copy of section 73.2080 of the Federal Communications Commission (FCC or Commission) rules can be found here: <https://www.fcc.gov/enforcement/eb-eeo/equal-employment-opportunity-rules>.

2. Audit Data Requested.

(a) If the Unit has fewer than five full-time employees (defined by section 73.2080(e)(1) as employees regularly assigned to work 30 hours a week or more), submit a list of job titles of the Unit's full-time employees (no personal names should be provided), the number of hours each is regularly assigned to work per week and a response to paragraph 2(b)(vi) below. Please also see paragraphs 3 and 4 below for guidance regarding brokers and brokered stations.

(b) If the Unit employs five or more full-time employees, provide the following information:

(i) Copies of the Unit's two most recent EEO Public File Reports, described in section 73.2080(c)(6).

(ii) For each station in the Unit that maintains a website, the website address. If the Unit's most recent EEO Public File Report is not posted on each website as required by section 73.2080(c)(6), identify that website and state the reason for the failure to post. If the Unit does not maintain a website, but its corporate site contains a link to a site pertaining to the Unit, identify the corporate website address where the Unit's most recent EEO Public File Report is linked pursuant to section 73.2080(c)(6).

(iii) For each of the Unit's full-time positions filled during the period covered by the EEO Public File Reports noted above, or since acquisition of the Unit (if during that period), the date of hire as required by section 73.2080(c)(5)(vi) as well as dated copies of all advertisements, bulletins, letters, faxes, e-mails or other communications announcing the position, as described in section 73.2080(c)(5)(iii). To reduce the burden of responding to this audit, if a job notice was sent to multiple sources, the Unit may include in its response: (1) documentation showing one such notice was sent, (2) a list of the additional sources to which the notice was distributed, and (3) a statement confirming notices to all additional sources used to announce the vacancy were retained, as required

by section 73.2080(c)(5)(iii).⁵⁵³ Include, however, copies of all job announcements sent to any organization (identified separately from other recruitment sources) that has notified the Unit that it wants to be notified of the Unit's job openings, as described in section 73.2080(c)(1)(ii).

(iv) As required by section 73.2080(c)(5)(v), the total number of interviewees for each vacancy and the referral source for each interviewee for all the Unit's full-time vacancies filled during the period covered by the above-noted EEO Public File Reports.

(v) Dated documentation demonstrating performance of the Unit's recruitment initiatives described in section 73.2080(c)(2) during the period covered by the above-noted EEO Public File Reports, such as participation in job fairs, events with educational institutions, and mentoring or training programs for staff. Specify the Unit personnel involved in each recruitment initiative. In addition, provide the Unit's total number of full-time employees and state whether the population of the market in which any of the Unit's stations operates is 250,000 or more. Based upon these two factors, and as required by section 73.2080(c)(2) and (e)(3) of the Commission's rules, state whether the Unit is required to perform two or four points worth of initiative activities within a two-year period (measured from the date the stations in the Unit file their renewal applications and the second, fourth, sixth and eighth anniversaries of that date). If the Unit performed more than the required number of initiative activities, it may provide documentation for only the required amount in its response, i.e., two or four points worth. If any documentation provided appears inadequate, e.g., it is not dated or does not clearly prove the Unit's participation, the Commission may ask for additional verification.

(vi) Any pending or resolved complaints involving the Unit filed during the Unit's current license term(s) before any body having competent jurisdiction under federal, state, territorial or local law, alleging unlawful discrimination in the employment practices of the Unit on the basis of race, color, religion, national origin, or sex. For each such complaint, provide: (1) a brief description of the complaint(s); (2) the persons involved (identified by job title only); (3) the date the complaint was filed; (4) the court or agency before which it is pending or by which it was resolved; (5) the file or case number; and (6) the disposition and date thereof or current status. Note that the Unit must report all complaints, regardless of their status or disposition. Further, as noted above, no personal names should be provided of those persons involved in any complaint. They should be identified by job title only.

- a) Further, report any employee complaints filed internally with the Unit or its parent company or externally with any body having competent jurisdiction described above about any bias, sensitivity or any other matters related to race, color, religion, national origin or sex involving the Unit made during the Unit's current license term(s) (or since acquisition of the Unit (if during that

⁵⁵³ For on-air announcements that aired multiple times to advertise the position, you may send a traffic log summary documenting the timeframe during which the announcements aired (in lieu of the log in its entirety). The log showing all air dates and times may be required for additional verification, but the Unit need not provide with its initial response.

period)). Provide copies of all complaints and the Unit's responses to the complaints, and state the Unit's formal or informal policies in addressing such complaints. If any changes were implemented in response to a complaint, provide all related documentation. (Note: Copies of the complaints must be provided, and not summaries prepared specifically in response to this letter. Personally identifiable information such as employee names should be redacted).

- b) State whether any Unit employee(s) has been reprimanded, reclassified, repositioned, demoted, dismissed or otherwise sanctioned for failing to comply with or affirm policies or programs regarding race, color, religion, national origin or sex. If the answer is "yes," list any such employee(s) by title/position, sanctions imposed and the detailed reason(s) for such sanctions.

(vii) A copy of any formal or informal agreement, contract, policy, practice, or other document that impose requirements or goals (aspirational or otherwise) regarding race, color, religion, national origin or sex on the Unit, contractors, employees or any third parties providing services on behalf of the Unit. Also state whether any Unit employees, its contractors or third parties acting on behalf of the Unit are or can be selected, promoted, or terminated as a result of such agreements, contracts, policies or practices.

(viii) List and describe any use by the Unit of race-based hiring databases, and specify the position(s) for which they are used.

(ix) In accordance with section 73.2080(b), during the Unit's current license term(s) (or since acquisition of the Unit (if during that period)), a description of the responsibilities of each level of Unit management responsible for implementing Unit EEO policies and how the Unit has informed employees and job applicants of its EEO policies and program.

(x) In accordance with section 73.2080(c)(3), during the Unit's current license term(s) (or since acquisition of the Unit (if during that period)), a description of the Unit's efforts to analyze its EEO recruitment program to ensure that it is effective and to address any problems found as a result of such analysis.

(xi) As required by section 73.2080(c)(4), during the Unit's current license term(s) (or since acquisition of the Unit (if during that period)), a description of the Unit's efforts to analyze periodically its measures taken to examine pay, benefits, seniority practices, promotions, and selection techniques and tests to ensure that they provide equal opportunity and do not have a discriminatory effect. If the Unit has one or more union agreements, describe how the Unit cooperates with each union to ensure EEO policies are followed for the Unit's union-member employees and job applicants.

(xii) If your entity is a religious broadcaster and any of the Unit's full-time employees are subject to a religious qualification as described in section 73.2080(a) of the rules, the Unit should indicate that status in its response and provide data as applicable to its EEO program. For example, for those full-time hires subject to a religious qualification, you must provide only a record of the hire listed by job title and date filled, the recruitment sources used for the opening, and the source that referred the person hired. No other records are required for those hires. If five or more full-time positions are not subject to a religious qualification, the licensee must maintain and provide all records for such hires and complete the initiatives required under section 73.2080(c)(2). Otherwise, a religious broadcaster is not required to perform these initiatives.

3. Time Brokerage—Licensee of brokered station(s) receives audit letter.

If any station included in the Unit is subject to a time brokerage agreement, the licensee must immediately forward a copy of this letter to the broker under each such agreement. Additionally, if the Unit employs fewer than five full-time employees, the licensee must respond by providing a list of the Unit's full-time employees listed by job title, the number of hours each employee is assigned to work, and a response to paragraph 2(b)(vi) above. If the Unit employs five or more full-time employees, the licensee must respond fully to paragraph 2(b).

4. Time Brokerage—Broker receives audit letter.

(a) **Broker receives audit letter from brokered station licensee.** The broker must submit information requested in paragraph 2(b) above concerning information relating only to its own full-time employees working on behalf of the brokered station, as required by section 73.2080(f)(3) of the Commission's rules. If recruitment activity for those brokered station employees is maintained with that of other stations licensed to you, and you lack the ability to separate the information, submit information pertaining to both.

(b) **Broker receives audit letter directly from Commission.** If any station in the Unit is licensed to you, submit information requested in paragraph 2(b) above for the Unit's EEO program. If recruitment activity pertaining to full-time employees working on behalf of another station you broker is maintained with that of the Unit, and you lack the ability to separate the information, submit information pertaining to both.

(c) **Broker described in 4(a) or 4(b).** If full-time employees at the station you broker, combined with full-time employees at the Station (or Unit), total fewer than five, you need only respond to this letter by submitting a list of full-time employees (identified by job title and number of hours regularly assigned to work per week) for both the brokered station(s) and subject Station as well as a response to paragraph 2(b)(vi).

5. Procedures.

(a) As required by sections 73.3526(e)(10) (commercial stations) and 73.3527(e)(11) (noncommercial educational stations), a copy of this letter and the response (with the exception of replies to certain questions specified in 5(b) below) must be placed in the FCC-hosted online public inspection file (<https://publicfiles.fcc.gov/>) belonging to each station in the Unit. The response should be placed in the EEO Audits, Investigations, and Complaints subfolder in the online public inspection file (found at EEO Records>>Additional Documents>> EEO Audits, Investigations, and Complaints) by **no later than October 20, 2026**. Include in the response the Station's Facility ID Number and an e-mail address of a Station representative.

(b) In order to protect privacy and confidential business information from public disclosure, the Enforcement Bureau, in coordination with the Media Bureau, pursuant to section 1.3 of the Commission's rules, determined that good cause exists to waive the requirement that responses to Questions 2(b)(vi)(a-b) and 2(b)(vii-viii) (the "Inquiries") be uploaded to the online public inspection file. Responses to the Inquiries should instead be submitted under separate cover via email to the Enforcement Bureau at EB-EEO@fcc.gov. The email should include a statement indicating that the response to all other questions in the audit letter was uploaded to the station's online public inspection file. Station employment units with fewer than five full-time employees are exempt from responding to the Inquiries. Further, respondents are not required to include advertising contracts in response to the Inquiries.⁵⁵⁴

(c) Any extension of time must be requested at least five days prior to aforementioned deadline (via email to EB-EEO@fcc.gov), indicate the additional time the Unit believes it needs to complete its response (not to exceed 45 days) and will be granted only upon a showing of good cause. Unless and until an extension is granted, the original deadline remains in effect.

(d) If the Unit submitted an EEO audit response in 2024 or 2025 and/or the most recent license renewal application(s) applicable to the Unit were granted after June 1, 2024, send an email to EB-EEO@fcc.gov for additional guidance on whether a response is required. In the email, provide a reference to the relevant filings/applications before the Commission.

(e) The accuracy and completeness of the response must be certified by an officer, partner or other principal of the Station licensee or broker (as appropriate) or, in the case of a noncommercial educational station, by an officer, member or other principal of the licensee. (See 47 CFR § 1.16). To knowingly and willfully make any false statement or conceal any material fact in response to this audit is punishable by fine or imprisonment (see 18 U.S.C. § 1001; 47 CFR § 1.17), revocation of any station license or construction permit (47 U.S.C. § 312(a)(1)), and/or forfeiture (47 U.S.C. § 503). Failure to respond to this audit letter by the deadline is punishable by sanctions in accordance with section 73.2080(g).

⁵⁵⁴ Since 2008, the Commission has required that all advertising contracts contain clauses ensuring that there is no discrimination based on race or gender in the sale of advertising time. *Promoting Diversification of Ownership in the Broadcasting Services*, Report and Order and Third Further Notice of Proposed Rulemaking, 23 FCC Red 5922, 5941, para. 49 (2008).

(f) Upon receipt, audit responses will be reviewed for completeness. If any questions arise or there are missing materials, EEO staff will contact you.

6. Should you have any questions about your response, please contact EEO Staff of the Investigations & Hearings Division in the Commission's Enforcement Bureau at EB-EEO@fcc.gov or (202) 418-1450 at least five business days prior to the response deadline. Thank you for your cooperation.
